

Are You an active SME delivering solutions in the Semiconductor Industry?

Join the Industrial Alliance on Processors and Semiconductor Technologies!

Small and medium-sized enterprises (SMEs) are essential contributors to job creation and global economic development, representing **90% of businesses** and more than **50% of employment worldwide**.

SMEs provide the relevant technology, usually specialising in higher-end capabilities to support innovation and growth of the semiconductor ecosystem.

The **Industrial Alliance** is committed to ensuring that **SMEs' needs and perspectives are central** to future policies and industry developments.

By joining the Alliance, you can influence the actions needed to support your ability to thrive in this dynamic sector through the **Working Groups launched by the Alliance**.

The Working Groups meet on a regular basis, run by two co-chairs and **supported by the Secretariat ALLPROS.eu and the European Commission** to jointly develop roadmaps and collaborate on crucial deliverables addressing the key challenges for the semiconductor industry.

What's in for SMEs?

- ★ **Advocate for SMEs** to strengthen their role in the semiconductor value chain
- ★ **Share your insights** and opinion on critical issues
- ★ **Work alongside industry giants, RTOs, and associations on equal footing**
- ★ **Raise your visibility** in Europe and expand your network

Join the Industrial Alliance and its Working Groups to drive innovation and secure a stronger future for the semiconductor industry in Europe.

Steps to join the Alliance

1. Review the eligibility criteria set out in the Terms of Reference
2. Sign the Declaration
3. Fill out and submit the Application form

Scan the **QR code** to access the Terms of Reference, the Declaration and the Application form
